Dear Sir or Madam,

We are honoured and grateful that you are interested in Bank Alpinum's products and services.

Bank Alpinum is based in Liechtenstein, a modern State in the middle of Europe with a AAA-rating from Standard&Poors for its debt-free national budget. The country's economy is well diversified and Liechtenstein has been one of the best and most secure marketplaces of the world for many decades. Its stability and unique confidentiality combined with our high quality banking services makes Bank Alpinum one of the most solid and best financial institutes in the world for your purpose.

We are offering all kind of Private Banking Services such as Private, Trust and Company Accounts, Credit Cards, Investment Advisory, Portfolio Management and we are also specialised in merchant account services for international commercial clients.

Our bank is owned by three families, two residing in Switzerland and one in Germany, who are themselves very successful entrepreneurs of a multinational industrial and transportation conglomerate. Their main business is bundled in a company named TransInvest Holding AG, a company which has its roots in the nineteenth century. The founding families developed TransInvest Holding AG since the 1980's in Switzerland and it has grown to a multinational company with its network in 35 countries, with more than 4000 professionals and a consolidated turnover of more than 1.1 Billion Swiss francs.

The company's main business is providing logistics services to its customers with a special focus on the emerging markets in Eastern Europe, Middle East and Asia. Due to the presence of TransInvest Holding AG in these markets with more than 140 local companies, our Owners know the needs of customers like you very well. Therefore, by knowing our clients, their situation in life, their aims and aspiration we can fully satisfy their needs for fast international transfers and merchant operations and settlements.

Banking is based on trust between all parties. We are conscious of our responsibility to help you maximizing the efficiency of your cross-border banking activities.

Everything we do is determined by our customer's needs. This is the foundation of creating and securing wealth for our customers.

As mentioned above, our service comprises the opening and maintaining of corporate accounts of any jurisdiction and we are able to execute your payments in all common currencies and to all common destinations in a fast and efficient manner and without any limitation whatsoever. Of course, as a preferred client of Bank Alpinum you can also benefit from our modern e-banking system with full electronic payment facilities.

The account opening procedure is straight forward and can be done without physical presence in Liechtenstein.
